

Santa's Sensory Friendly Nights!

December 6th & December 7th

As Santa's Wonderland grows and develops, the more requests we receive from our guests for special accommodations. Santa wants to make sure that every individual is able to visit with him!

For our 2021 season, we are hosting "Santa's Sensory Friendly Night at Santa's Wonderland." On these nights during our season, Santa's Wonderland will work to accommodate those individuals with sensitivity to high sensory environments.

On these nights, Santa's Wonderland will do the following between 4:00 PM and 7:00 PM:

- Open 2 Hours early for those individuals that need sensory friendly accommodations.
 - » These two hours will allow for lower capacity and reduction of crowds throughout the park.
- Reduce music and sound levels throughout the park
- Add the ability to make reservations at select areas to avoid wait times.
- Add seating around line queues.
- Staffing interpreters throughout the park.

If your family needs additional accommodations, please reach out to Customer Service prior to your visit at info@santas-wonderland.com!

PLEASE NOTE

Music and Sound levels will return to "normal" at 7:00 PM each night! Beyond the changes mentioned above, Santa's Wonderland will operate as usual. General Admission Tickets are required for admission into the park.

**We look forward to having you and your family join us
for our 24th season, here at Santa's Wonderland!**
